PROTOTYPE HOME

It is a Dutch West Indies Style, however architects can change it to any of the client's exterior design preferences.

The Home at 400 Century Drive was designed to show how, with minor alterations in floor plans it would accommodate boats from 26 foot 6 inches in length including engines up to 50 feet in length.

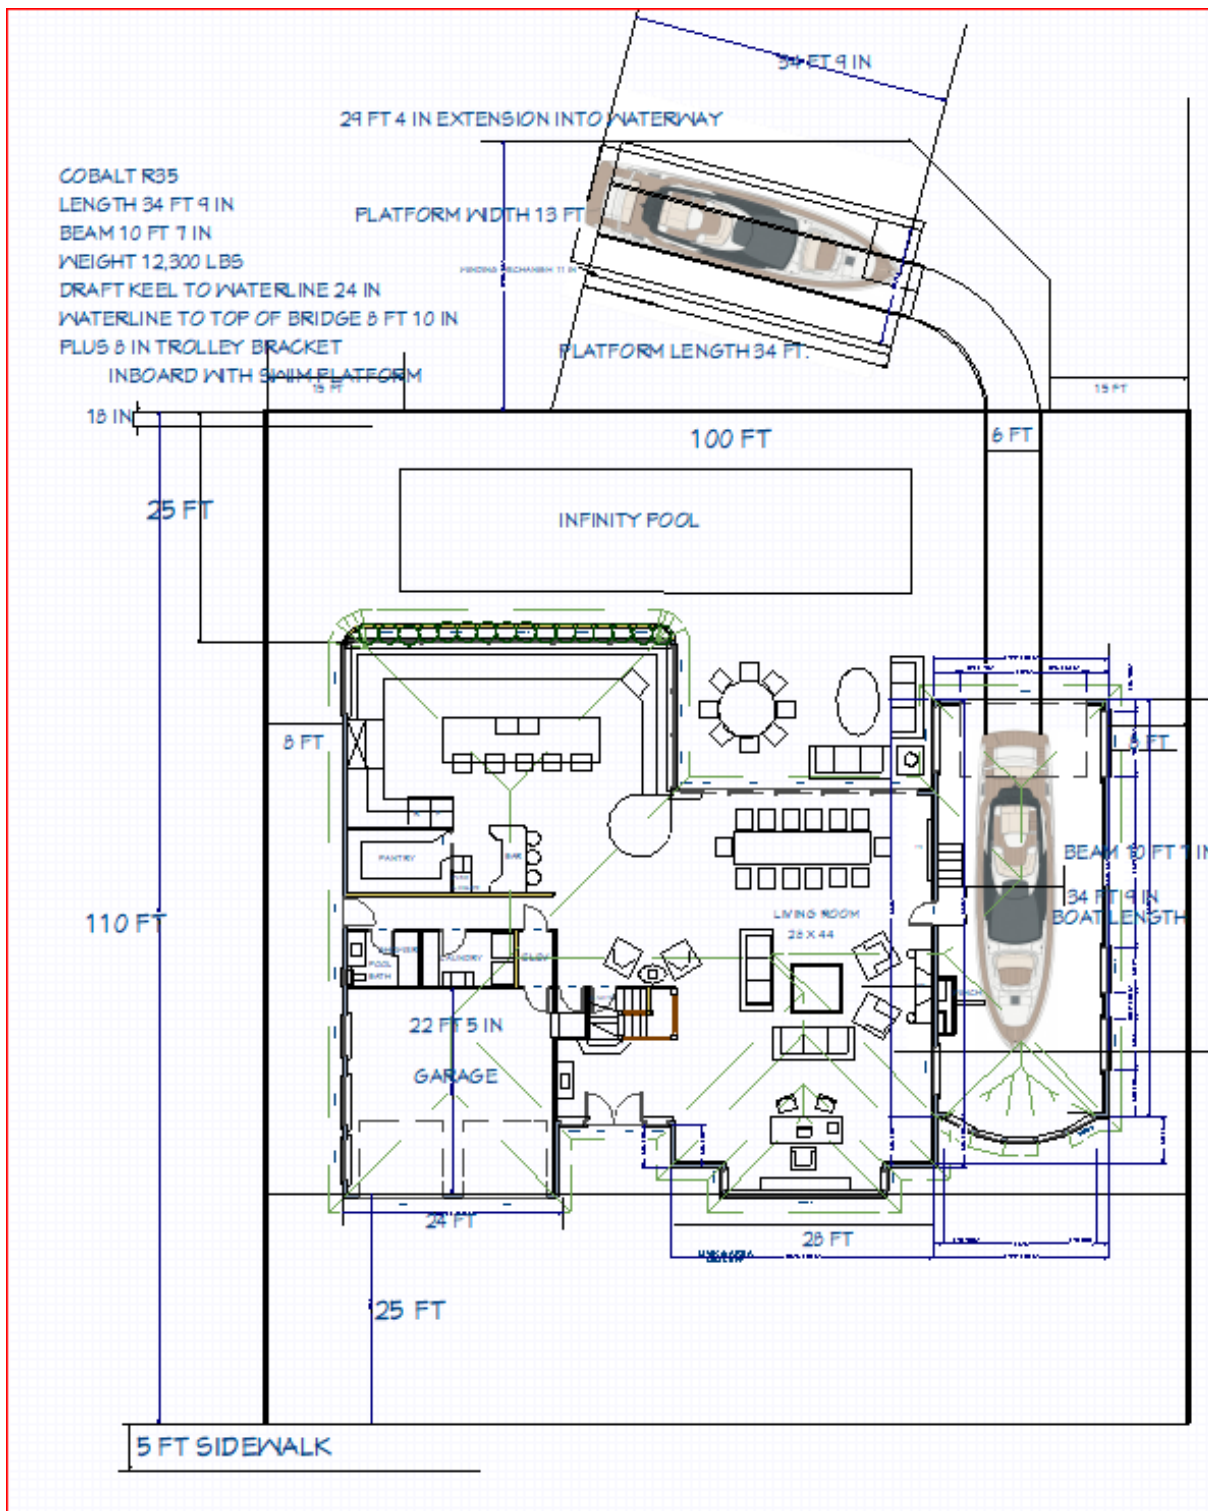

OPTION 1

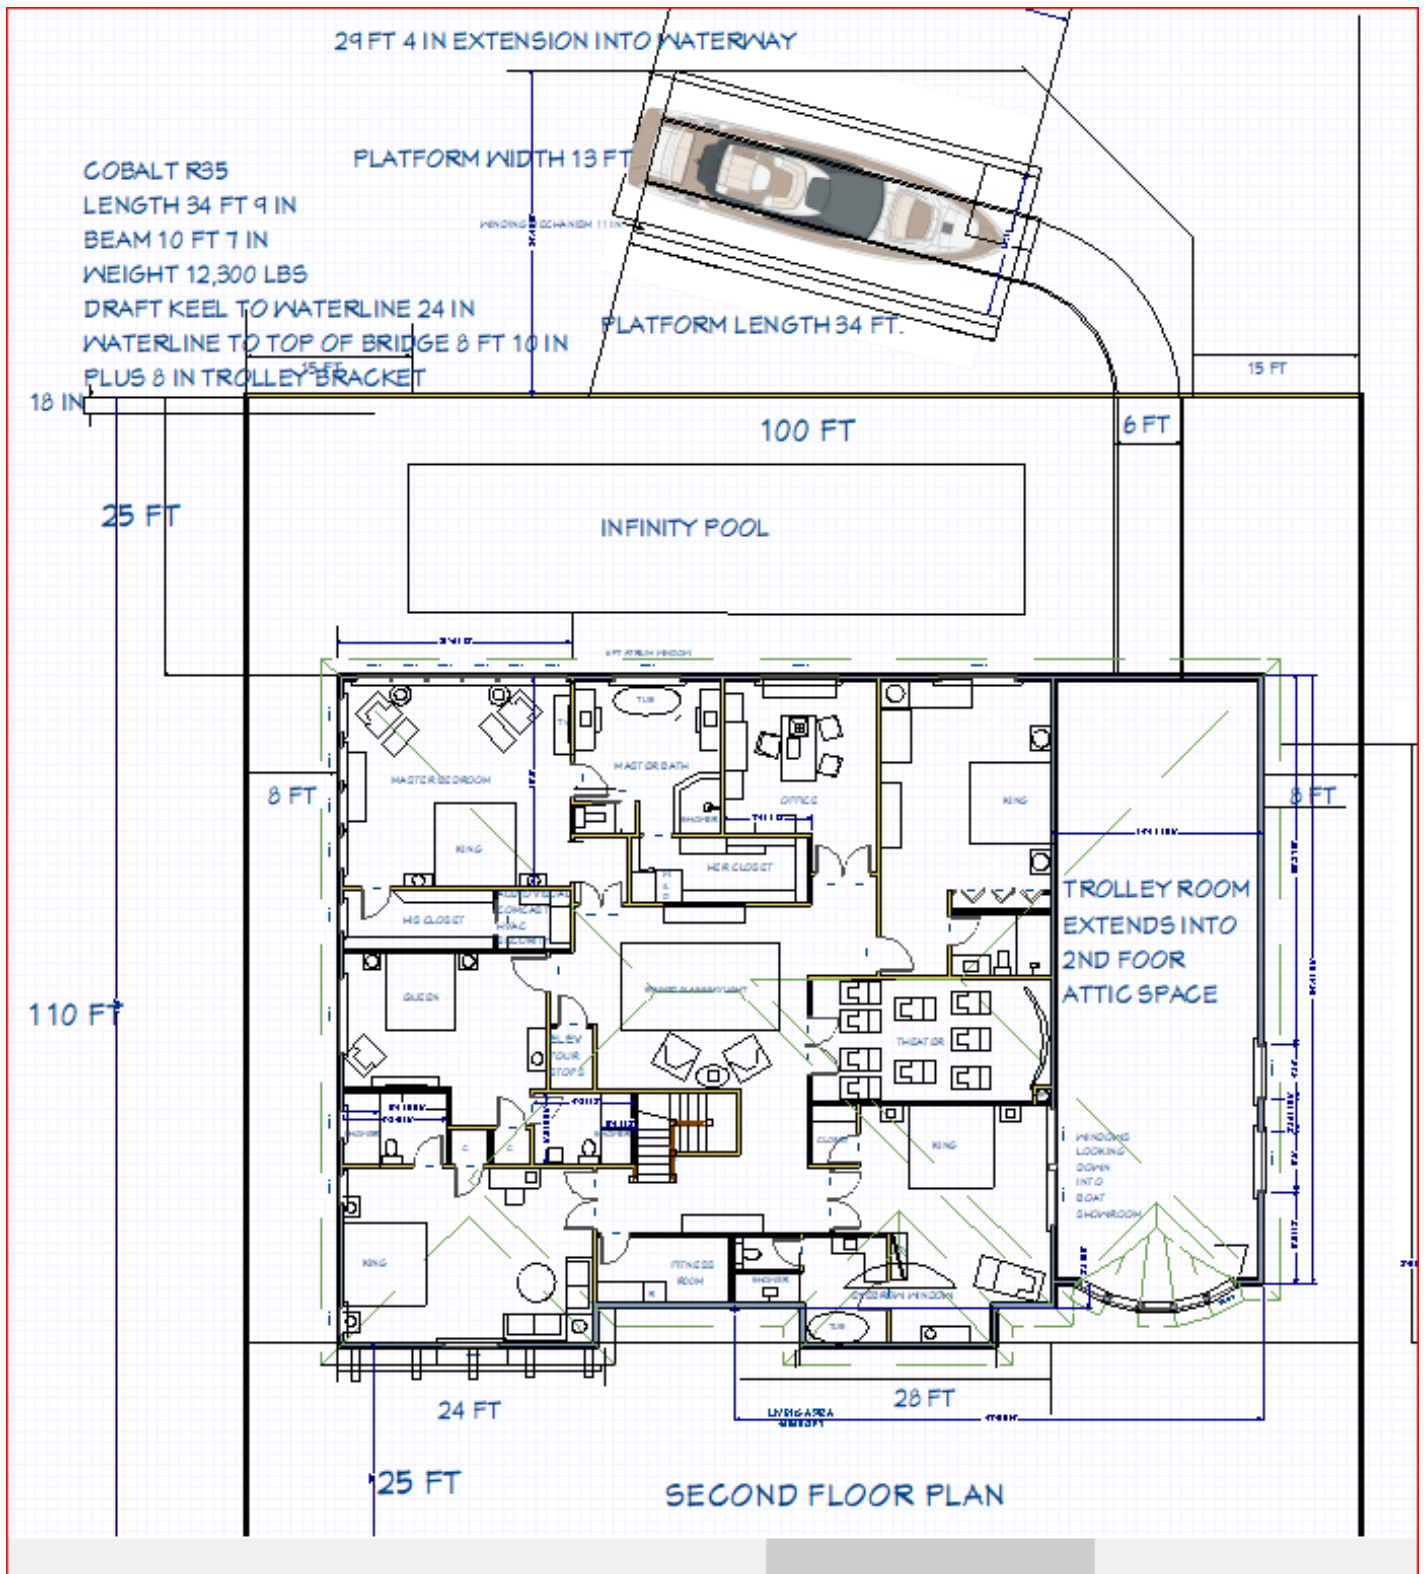

OPTION 2

A 34 ft 4 inch Cobalt

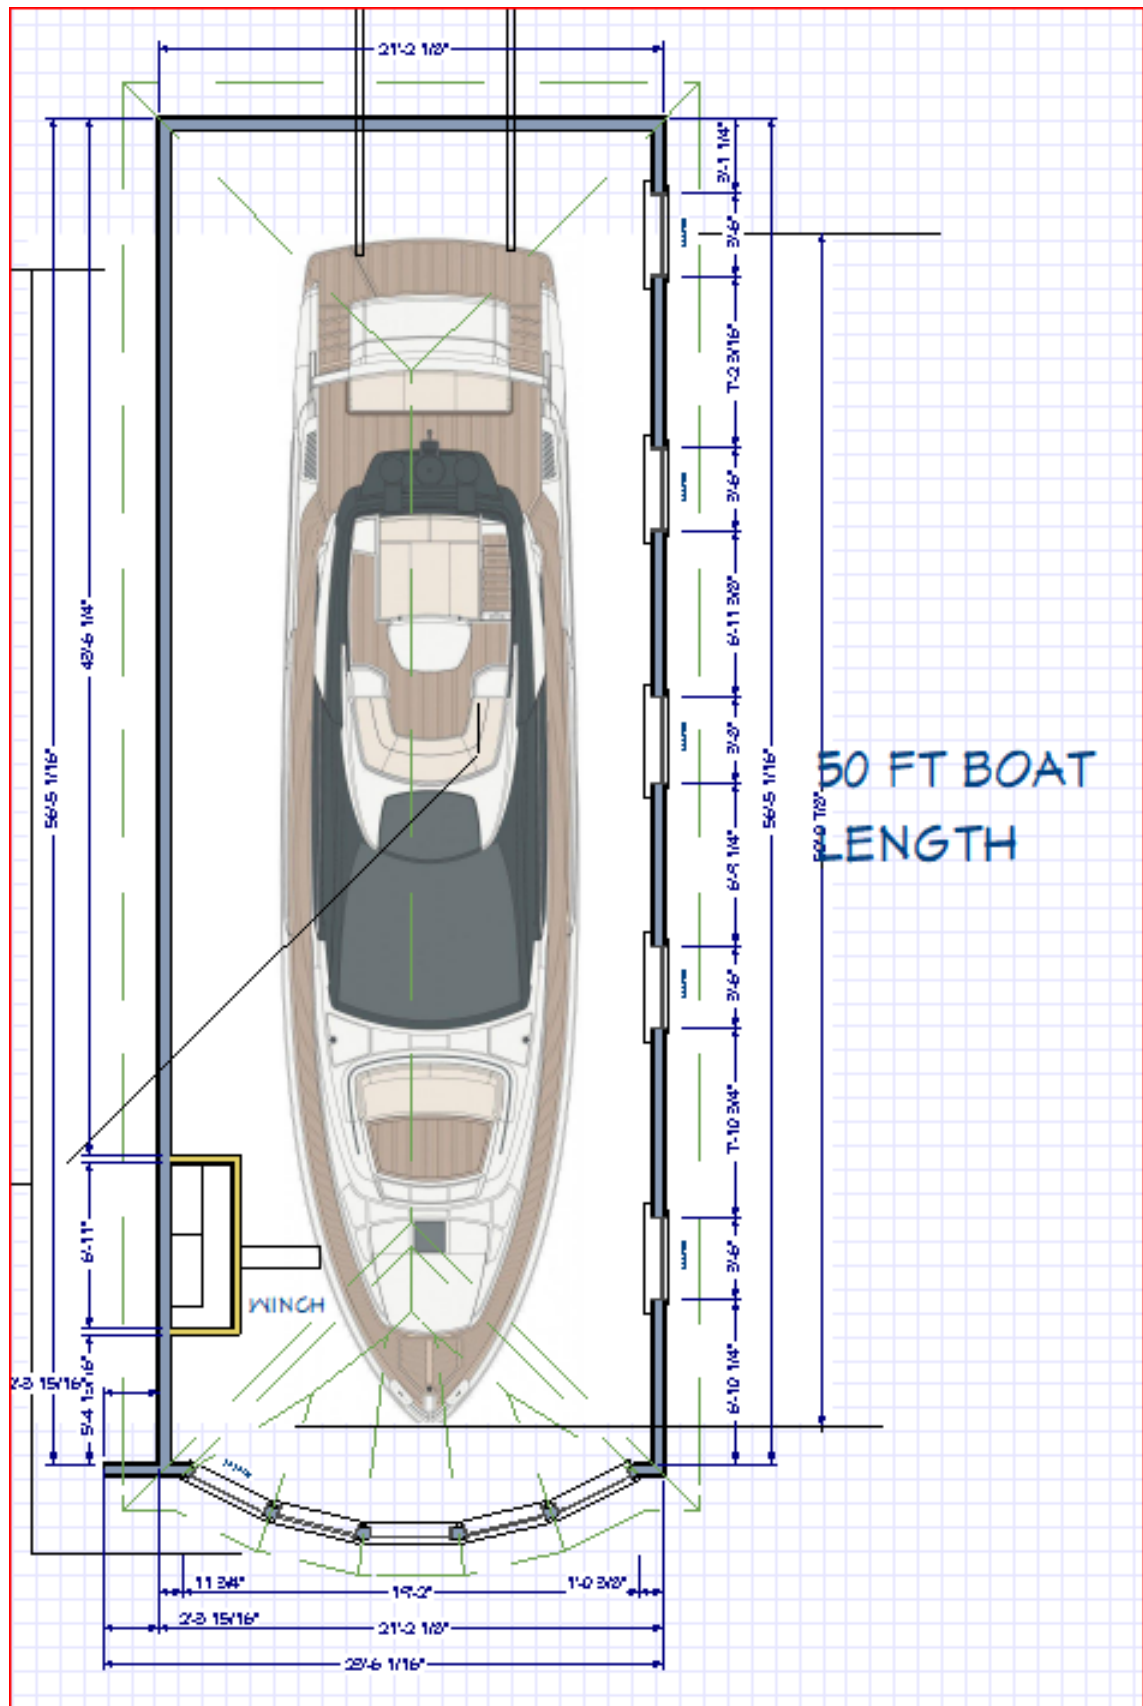

First Floor, Spacious Kitchen, Living Room, Infinity Pool and patio, downstairs office, elevator, Yacht Display Window, seen from street.

The second floor features the Master, and 4 other large bedrooms, an office, a theater, a den, and one of the bedrooms has a second floor view down into the trolley room below.

OPTION 3

Option 3 would accommodate a 50 ft boat.
